Elapsed Time Flipped Video Due Friday

We are starting something new with our facts. This week you only need to practice your 8's. On Friday you will have a fact fluency test. If you beat the time and number correct you will get 100 Starbucks from your teacher. If you meet every goal for a month then you will get the mystery prize. There will be a new prize every month! Start practicing.

Monday	Tuesday	Wednesday	Thursday

1. Watch the Elapsed Time Video #1
2. Watch The Elapsed Time Video #2

Both Videos can be found on your teachers website.

1. What is elapsed time? Give an example and non-example.
Example Non-example

2. Mrs. Drake started preparing dinner at 3:45. It was finally ready at 6:19. How long did it take to prepare dinner?

3. The girls went to a movie that started at 2:08 and lasted until 3:51. How long was the movie?

4. The boys went outside on a beautiful day to play. They went out at 10:24 am. They came in for lunch at 1:06. How long did the boys play outside?

Temperature is how _____ or _____ something is. Give an example and non-example of temperature.

Example

Non-example

1. The temperature was 85 degrees at 2:00. When I went to bed the temperature was 58 degrees. How much did the temperature decrease?
