Homework

May 21, 2015

DUE May 28, 2015

<p><u>Reading</u> Read for 90 minutes.</p>	<p><u>Math</u> Use the strategy Look for a Pattern to solve the word problems.</p>
<p><u>Writing</u> There is no homework unless you need to bring in more photos for your AAM book!</p>	<p><u>Science/Social Studies</u> <u>Famous Texan Virtual Biographies due June 1 and Oral Presentations June 2.</u></p>

The 4th Grade Team:

Mrs. Sandy Dobberfuhl, Ms. Sarah Hopper, Mrs. Wendy Lee,
Mrs. Allison Way, Mrs. Emily Welch

Challenge**Problem Solving Strategy:
Work Backward**

Work backward to solve each problem.

1. Sarah got on the school bus. At the stop after Sarah's, 7 students got on. Five students got on the bus at the next stop. At the last stop before the school, 9 students got on. When the bus arrived at school, 38 students got off. How many students were already on the bus when Sarah got on?
-

2. Mrs. Allen baked some cookies for the school bake sale. Franco bought 3 of the cookies and Chandra bought 2. Mr. Walker bought 1 dozen of the cookies. William and Starr each bought 6 cookies. Then Ms. Porter bought 4 of the cookies. That left only 3 cookies for Scott to buy. How many cookies did Mrs. Allen bake for the sale?
-

3. Dave, Nora, Tony, and Andrea are members of the same family. Dave is 2 years older than Andrea, who is 21 years older than Tony. Tony is 4 years older than Nora, who is 7 years old. How old are Dave, Tony, and Andrea?
-

4. Paula went shopping at a department store. She bought 2 CDs on sale for \$8.95 each, a notebook for \$4.29, and a bottle of shampoo for \$2.58. When Paula paid for her purchases, the cashier gave her \$5.23 in change. How much money did Paula give the cashier?
-

5. Brian gave 10 stamps from his collection to both Sam and Rob. Then he gave 14 stamps to Kathy and 6 stamps to Grace. He still had 275 stamps. How many stamps were in Brian's collection to begin with?
-
