

What are we learning?

Reading:

I can identify and describe the cause-and-effect, sequence, and contrast in non-fiction texts.

Writing:

I can create an expository by taking my writing through the writing process (plan, draft, revise, edit, & publish).

Social Studies:

I can identify various explorers that came to Texas and the culture that was introduced to Texas from these explorers.

Math:

I can use strategies (mental math, expanded form, and distributive property) to solve multiplication problems. I can determine the area of a rectangle using the formula $l \times w$.

Science:

I can explore different types of adaptations, such as camouflage and mimicry. I can determine learned from inherited behaviors that were passed from generation to generation.

Alpha Wolves

Join us this Friday for our next GMS!!
